

ASD
"A Sector-Based, Platform-Oriented Organization"

National Aerospace FOD Convention

Presented By:
Mr. Bill Lock
DCMA ASD Staff
12 August 2009

- **Aeronautical Systems Division (ASD)
Mission**
- **ASD CONOPS**
- **ASD Customers and Locations**
- **ASD Structure (Sector Leads & Compliance Staff)**
- **The Path Forward**

ASD Mission

Agency

Provide Contract Administration Services to the Department of Defense Acquisition Enterprise and its partners to ensure delivery of **quality products and services to the war fighter; on time and on cost.**

Aeronautical Systems Division (ASD)

The Aeronautical Systems Division will **provide performance enterprise contract administration services (CAS) with (product) subject matter expertise for Aeronautical Systems products throughout their life cycle** ensuring superior support to both our internal and external customers.

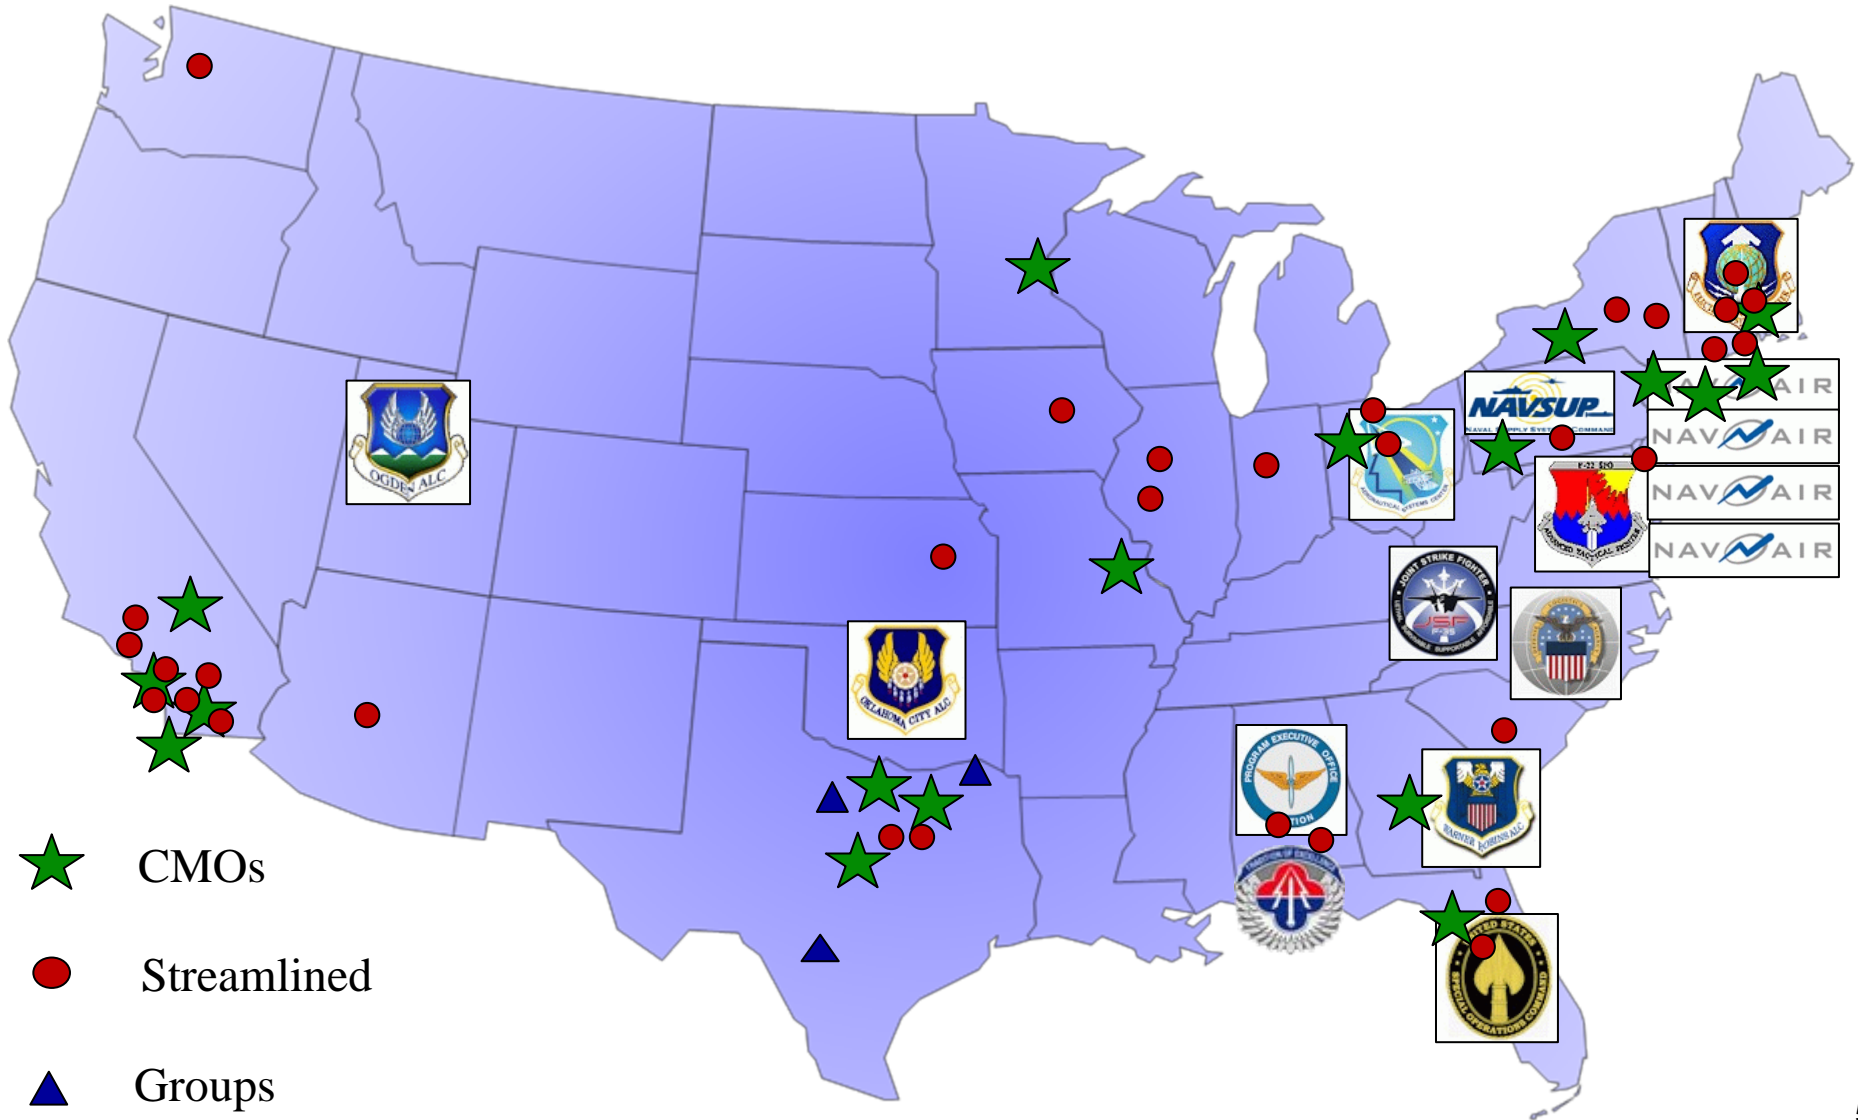

ASD CONOPS

“The Divisional staff **develops strategies focused** on developing/leveraging Division capabilities and expertise **to support PEO expectations/outcomes and program-managed and Agency-level outcomes.**

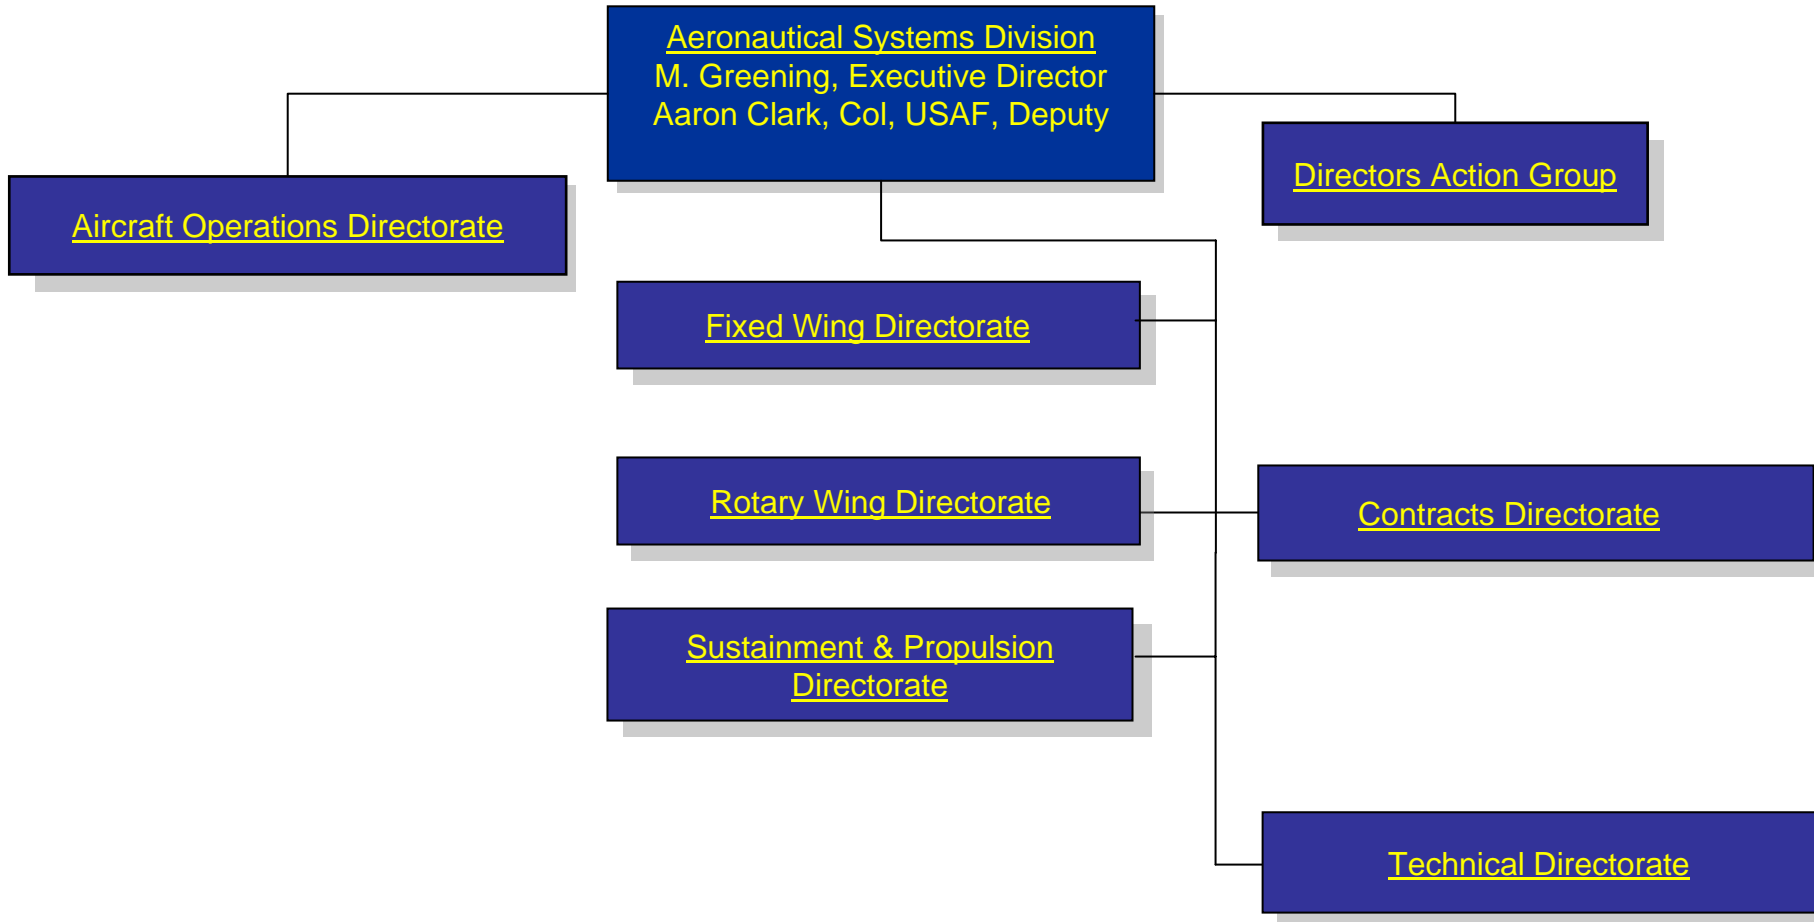

They assist in developing effective customer-based strategies, provide operational guidance, and assist CMOs in attaining performance commitments. This is achieved through an integrated relationship with the supported and supporting CMOs, Center personnel, the staff of other Divisions, and DCMA HQ Staff.

In general, the Sector Staffs focus on customer outcomes, CMO performance, and resource management whereas the other staff functions focus on process compliance, training and policy proliferation. In other words, the Sectors focus on “why” we do work and the other staff functions focus on “how” we do work.”

ASD Customers and Locations

Aeronautical Division Organization

ASD Sectors

Fixed Wing

- DCMA AIMO
- DCMA Boeing Long Beach
- DCMA Boeing St Louis
- DCMA Lockheed Martin Fort Worth
- DCMA Lockheed Martin Marietta
- DCMA Palmdale

Rotary Wing

- DCMA Bell Helicopter
- DCMA Boeing Philadelphia
- DCMA LMSI Owego
- DCMA Sikorsky

Sustainment & Propulsion

- DCMA Aircraft Propulsion OPs
- DCMA Boston
- DCMA Long Island
- DCMA Los Angeles
- DCMA Ohio River Valley
- DCMA Santa Ana
- DCMA Texas
- DCMA Twin Cities

- **ASD is a Sector based, Platform oriented organization.**
 - Sectors (Fixed Wing, Rotary, Sustainment and Propulsion) ..**Sector Leads are Principal Advisors**
 - Sectors are grouped around **product-aligned aeronautical platforms** focused on customers' needs and suppliers' capabilities including **Supply Chain**
 - 18 Primary CMOs who also represent Tertiary Commanders
 - Sector staffs are responsible for supporting execution – focus is on the “why”**why we do the work.....customer focus**
 - AQ, AO and OC Staffs focuses on “how”**how we do the workcompliance**

- **Sector staffs focus is on performance:**
 - In-depth knowledge of **Platform and Mission**
 - **Customer Outcomes; cost and schedule**
 - **CMO Performance; develop strategies to mitigate risks**
 - **Resource Management; assets and supply chain**
 - **Program Impacts and the Warfighter**

- **Sector Responsibilities (Performance):**
 - Advise Division Director on operational (business and technical) issues
 - Provide specialized weapons system knowledge that enhances performance management – **Value of Sector Leads**
 - Assist the ASD Director in executing the Division mission
 - PEO & PM Aligned Focus

- **Functional Aligned Directorates**
 - Acquisition - AQ
 - Aircraft Operations - AO
 - Technical Directorate - OC
- **Functional Directorates responsible for **compliance, training and policy** – the “how”**how we do the work****
- **Support Sectors**

- **Contracts Directorate Responsibilities (AQ):**
 - Advise in contracting issues within ASD
 - Provide matrix functional support as required to the Product directorates
 - Lead in contracting issues that cross all of ASD
 - Provide performance management support to product/program aligned CMOs
 - Assist HQ to ensure functional competence is achieved and maintained

Compliance

- **Technical Directorate (OC):**
 - Advise in technical issues within ASD
 - Provide matrix functional support as required to the Product directorates
 - Lead in technical issues that cross all of ASD **(SOF for one)**
 - Provide specialized quality assurance, engineering, program integration, EVMS, NDT
 - Provide performance management support to product/program aligned CMOs
 - Assist HQ to ensure functional competence is achieved and maintained

- **Air Operations Directorate (AO):**
 - Advise in divisional aircraft operational issues within ASD
 - Manage ASD Aviation Program Teams (APTs) to enable CMOs
 - Provide continuous risk assessment and support
 - Develop strategies for decreasing overall number of repeat APT discrepancies
- **Director's Action Group (DAG):**
 - Assist in establishing and executing the day-to-day operations
 - Facilitate Strategic Planning Operations
 - Provide administrative support
 - HR Tracking
 - Divisional Budget

Compliance

The Path Forward

- **Risk Mitigation** – **ongoing**; Corrective Action Plan development (CAPS), Ground & Flight Procedures, Corrective Review Action Board (CRAB)
- **Resource Management**; **efficiency and effectiveness**, incorporate Lessons Learned
- **Strategy Development**; assist the Agency, Division Director, Sector Staffs, CMOs and all external customers (PEOs, PMs and Industry) as requested
